BOPL20170802001 - Polish company producing industrial resin floorings is searching for distributors and is offering subcontracting Business partnering opportunity

Abstract

A Polish company established in 2015, manufactures complete industrial resin flooring systems:

- polyurethane,
- polyurethane and cement based floorings,
- epoxy floorings.

The company is searching for distributors in: Russia, Belarus, Lithuania, Estonia and Latvia to distribution service agreement. It is also offering subcontracting in the field of completing the floors on customer' s sites.

Description

This company is based in Poland and manufactures complete industrial resin flooring systems:

- polyurethane - implemented in garages, underground or open parking lots, public or commercial spaces, i.e. health care facilities, hospitals schools, laboratories, offices.
- polyurethane and cement based floorings - widely implemented in factories, food processing and manufacturing plants chemical and pharmaceutical industries,
- epoxy floorings - implemented in machine building plants, automotive plants, food manufacturing plants, warehouses, transport roads, parking lots, airports and many other places.

The company is looking for distributors of industrial resin flooring systems under distribution services agreement in Russia, Belarus, Lithuania, Estonia and Latvia. The company is looking for partners with good knowledge of local markets.

It is also offering subcontracting for the main constructors or investors who are looking for resin floors. As a producer company is best suited to make the floors themselves on sites of the customers.

Target partner expertise sought:

- Specific area of activity of the partner: The company is looking for distributors of industrial resin flooring systems under distribution services agreement. Moreover, the company is offering subcontracting. The partner should be in a stable position on the market and should have established business contacts with companies from the region.
